Key Insights:

- **City Hotel cancels more:** 30.2% vs 23.5% for Resort (about 28% overall)
- **Lead time and stay length drive cancellations:** longer lead times and longer stays mean higher cancellations, especially at City Hotel.
- **Seasonal and OTA-dependent:** bookings peak in Sep-Oct, and about 60% come

Recommendations:

- Require deposits or stricter cancellation terms for long-lead and very-long-stay City Hotel bookings.
- Use dynamic pricing and promotions to fill January–March, and prepare for the September–October peak.
- Grow direct bookings and a loyalty programme. Only about 4% of bookings

Recommendation:

- Secure bookings from new guests and groups with deposits.
- Bundle breakfast by default and build repeat business.

KEY INSIGHTS:

- New guests are where the cancellation risk is.
- Groups and "No Meal" bookings are the highest-risk segments.
